

I'm writing to discourage you from expanding LPFM stations. I listen to K-LOVE daily and would be very disappointed to lose this encouraging & enlightening station. This no-commercial station offers my community an alternative of positive & inspiring music. There have been many times I've driven in frantic Phoenix traffic & the calm provided by K-LOVE music changes my driving attitude. And I know there a lot of people in my community that listen to K-LOVE. I've seen the bumper stickers! We don't need another broadcasting station that plays the top 20...we need K-LOVE.
